Coding Bootcamp

During the 3 weeks of this course, you will learn your first programming language (GoLang) using our online platform and a collabourative learning approach with your fellow students.

We will teach you the first steps in becoming a full-stack developer and you will be able to see if this is the career choice for you!

WHAT WILL I STUDY?

You will learn three main things:

1. An understanding of GoLang - Googles introductory programming language
2. How to collabourate on coding projects with your fellow developers
3. If you have the aptitude and desire to make this field a valid career choice for you

WHAT WILL I NEED?

No formal entry requirements, although an appreciation of logic is essential to coding.

To qualify for funding, you must be aged 19 or over, live in a london borough, and demonstrate your right to live and work in the UK, along with your income / benefits status.

HOW WILL I BE ASSESSED?

Please head to 01 Founders - Free London coding school and click "Play the Game" in the top right of your screen.

This will give you a good idea if the course is for you!

WHAT CAN I DO AFTER?

On completiton of this course, you can progress onto a 2 year fellowship programme where you can learn Javascript, Rust, Cybersecurity, Internet Applications, Networking and more!

Start Date: 15 July 2024
