Windfarm Operations

Have you ever thought about renewable energy as a career choice?

CCCG, in Partnership with 3t Training Services (previously AIS Survivex), has an exciting opportunity for anyone 19+ looking to start a career in the wind industry.

This is a 4-week full-time course delivered at our Enfield site by industry specialist 3t Training Services, with guaranteed access to employers within the industry.

This comprehensive educational program is designed to equip individuals with the foundational knowledge and skills required to work safely in the field of renewable energy. The training covers a range of essential topics relating to the maintenance and safety operations of working on a wind turbine and associated infrastructure.

This course provides participants with a solid foundation in wind energy technology, safe working practices, maintenance procedures, and regulatory awareness. This knowledge is essential for individuals seeking to work in roles related to wind turbine operations, maintenance, and management within the global wind energy sector.

WHAT WILL I STUDY?

The course consists of:

- Advanced Rescue Training
- Enhanced First Aid
- Basic Safety Training (inc. Working at Heights and Fire Awareness)
- Basic Technical Training
- IRATA Ropes and Control of Hazardous Energy

WHAT WILL I NEED?

Please be prepared to provide your residency documents, such as a passport, EU citizen ID card, UK Birth Certificate or Biometric Card. If you have been in the UK for less than 3 years or have entered the UK with a visa, you will need to provide evidence that you are eligible to study in the UK - your visa, your biometric card that covers the duration of your course or any relevant home office documents to support your residency should all be uploaded. If you're an EUEEA or Swiss citizen, we will need to see evidence of Pre-Settled or Settled-status documents.

Start Date: 12 July 2024

Day: All

Time: Full time (10am for enrolment)

Duration: 4 Weeks

Venue: Enfield Centre

Also, for funding purposes, we would need to see evidence of payslips if working (within the last 3 months). If you are receiving benefits (e.g JSA, ESA, Universal Credit (UC), Housing benefits etc. please bring evidence of this).

When you come to complete enrolment, there will be a short Engineering Logic Test to complete as well.

HOW WILL I BE ASSESSED?

You will be assessed through submitted assignments and practical exams.

WHAT CAN I DO AFTER?

Upon completing the course, you will have the basic competency stamps you need to work at heights and perform many of the tasks required during windfarm maintainance. This should enable you to progress into work and further training to develop your skills further as you earn.

Start Date: 12 July 2024

Day: All

Time: Full time (10am for enrolment)

Duration: 4 Weeks

Venue: Enfield Centre
