

# Sociology - A Level (AQA)

On A Level Sociology, you will explore different sociological perspectives on the core themes of socialisation, social inequality, culture, identity, power and control. The course looks at how social class, gender and ethnicity affect life chances and the nature of the relationship between the individual and society. You will also study sociological research methods to gain an understanding of how sociologists conduct research into society.

This course is available for international students, if you are applying as an international student please click [here](#).
