

Film Studies - A Level (WJEC)

Film Studies allows you to develop an understanding of film, engaging with films from early silent cinema to 1930s Hollywood films to contemporary and experimental cinema. You will develop skills of interpretation and critical analysis from studying British and American films, as well as contemporary world cinema and cinematic movements. If you live and breathe cinema, Film Studies can help you hone your passion into a career.

- Silent cinema requiring reference to one silent film or group of films
- Experimental film (1960-2000) requiring reference to one film option
