Capital City College

Information Technology - Level 3 National Extended Diploma

This course will be delivered at the new Centre for Applied Technology in Soho, in the heart of London's Digital and Creative economy. This is an exciting new addition to Westminster Kingsway College, opening in September 2024.

Our bespoke building will provide unparalleled facilities tailored for the creators and innovators of tomorrow, enabling learners to hone their craft on industry-standard equipment and develop the skills that the industry desperately needs.

The centre boasts industry-leading equipment and state-of-the-art training spaces including:

- Green Screen Studio
- Animation Studio
- Virtual Production Suite
- Edit, Grade, Dub and Voice-Over Studio
- Podcast Studio
- TV Studio
- Control Room
- Lecture Theatre
- Comprehensively equipped Alienware animation studio

The repurposed Soho Centre will act as a beacon for world-class Creative and Digital sector provision, providing a talent pipeline of qualified and experienced individuals to access the fantastic career opportunities in these sectors.

This course has been carefully developed to provide you with the necessary skills, experience, and knowledge to specialise in creative computing, procedural programming, and IT. It will provide you with a solid foundation in computer science, network intelligence and user experience technologies, laying the groundwork for a related pathway at university or in the workplace.

The content of the course has been developed in collaboration with employers, ensuring that the content is up to date. You will be using our state-of-the-art computer facilities. Our academic staff have a vast working knowledge of computer technology in the industry. We work closely with AWS (Amazon Web Services), taking part in their enterprise activities and competitions and visiting the renowned AWS Summit every year. We also collaborate with tech companies such as Microsoft

Start Date: 2 September 2025

Duration: 1 Year

Attendance: Full Time

Center: Soho Centre

and Google, learning how they use IT systems, and attending masterclasses and QandA sessions with industry experts.

In addition, we visit cutting-edge exhibitions and network with industry partners and former students to learn from their career, apprenticeship and university experiences. You will have the opportunity to visit leading universities and the possibility of work experience placements.

Extended Diplomas have two one-year programmes. You need to finish the first year before moving on to the second.

WHAT WILL I STUDY?

You will learn:

- Programming
- Cyber Security
- Computer Games Development
- IT Service Delivery and Technical Support
- 2D and 3D Graphics
- Social Media in Business
- Website and Mobile Apps Development among other units

WHAT WILL I NEED?

You will need:

- Four GCSEs at grade 4 or above, including English language and Math or an equivalent Level 2 qualification at Merit

All applicants must have an interview to confirm that the course is suitable for them.

HOW WILL I BE ASSESSED?

The course is delivered as a combination of theory and practical so, you will be assessed through external exams for core units set by the exam board, coursework, and presentations.

WHAT WILL IT COST?

AGED 16-18

If you will be aged 16, 17 or 18 on 31st August prior to the start date of your course and you have the legal right to remain in the UK for the duration of your programme then your study with us will be free. Please see [here](#) for the documents you will need to show us.

Some courses will have other associated costs, such as for specialist materials and trips. Many of our students are eligible for financial support, see [here](#) for details.

Start Date: 2 September 2025

Duration: 1 Year

Attendance: Full Time
