

Coding: GoLang - Introduction (01Founders)

Prepare for an exciting 2-week journey where you'll dive into your first programming language, GoLang!

With our interactive online platform and a collaborative learning approach, you'll work alongside fellow students, gaining hands-on experience and building the skills that will set you up for success in the world of tech.

By the end of this course, you'll know if this is the career path for you!

WHAT WILL I STUDY?

Get ready to learn:

- The fundamentals of GoLang, Google's powerful introductory programming language
- How to collaborate seamlessly on coding projects with fellow developers
- Valuable career insights into the world of GoLang development and its potential

WHAT WILL I NEED?

No formal entry requirements, although an appreciation of logic is essential to coding.

To qualify for funding, you must be aged 16 or over, live in a London borough, and demonstrate your right to live and work in the UK, along with your income / benefits status.

HOW WILL I BE ASSESSED?

No assessment required—just bring your personal documents on the day, and we'll take care of the rest.

WHAT CAN I DO AFTER?

Upon completing this course, you'll earn an OCN badge along with a college certificate. Additionally, you'll gain exclusive access to a 6-month fellowship program, where you can apply the knowledge you've gained to build incredible projects!
