

Coding: AI Starter - Code and Create with AI (01Founders)

Get ready for an exciting 2-week summer dive into coding with AI by your side!

You'll learn HTML, CSS, and JavaScript in a fun, collaborative environment, building awesome web projects and even an AI-powered chatbot. Discover essential skills like problem-solving and teamwork, and see how AI can empower your creations.

By the end, you'll know if the dynamic world of tech is your next big adventure!

WHAT WILL I STUDY?

Get ready to learn:

- HTML, CSS, and JavaScript fundamentals, the building blocks of the web, with the cutting-edge help of Generative AI.
- How to collaborate effectively on coding projects in a dynamic, peer-to-peer learning environment, just like in the real tech world.
- The exciting potential of AI as a powerful tool for problem-solving and creativity, not a replacement, empowering you to build amazing things like your own AI-powered chatbot.
- Critical life skills essential for any technological environment, including adaptation, problem-solving, creativity, teamwork, and efficient communication.

WHAT WILL I NEED?

No formal entry requirements, although an appreciation of logic is essential to coding.

To qualify for funding, you must be aged 19 or over, live in a London borough, and demonstrate your right to live and work in the UK, along with your income / benefits status.

HOW WILL I BE ASSESSED?

Start Date: 12 January 2026

Day: Monday - Friday

Time: 10:00 - 16:00

Duration: 2 Weeks

Venue: Regent's Park

No assessment required—just bring your valid up to date personal documents on the day.

WHAT WILL IT COST?

No formal entry requirements, although an appreciation of logic is essential to coding.

To qualify for funding, you must be aged 19 or over, live in a London borough, and demonstrate your right to live and work in the UK, along with your income / benefits status.

WHAT CAN I DO AFTER?

Prepare for an exciting 2-week journey where you'll dive into your first programming language, GoLang!

With our interactive online platform and a collaborative learning approach, you'll work alongside fellow students, gaining hands-on experience and building the skills that will set you up for success in the world of tech.

By the end of this course, you'll know if this is the career path for you!

Start Date: 12 January 2026

Day: Monday - Friday

Time: 10:00 - 16:00

Duration: 2 Weeks

Venue: Regent's Park
