Health and Social Care - Level 1 Diploma

This course provides an introduction to health and social care, developing your communication and IT skills, as well as the practical and technical skills needed to work in the sector.

You will study the role of the carer, exploring their responsibilities, identifying the needs of others, as well as understanding the variety of jobs in the industry. You will also get to look more closely at personal care and learn how to create activities and learning experiences for both children and adults.

As part of this exciting course, you will also complete a work placement within a Health and Social care setting. This setting can include care homes, hospitals, medical centres etc. You will also have the opportunity to participate in additional safeguarding training that has been created for the care sector and includes the 'Keeping children safe in Education 2022' updates.
