

Early Years Educator - Education and Childcare - T Level

The Technical Qualification (TQ) form part of the T Level study programme. The purpose of the Technical Qualifications is to ensure students have the knowledge, skills and behaviours needed to progress into skilled employment or higher level technical training or study in the education and childcare sector. The outline content has been produced by T Level panels on the same standards as those used for apprenticeships. The outline content formed the basis of this qualification and has been further developed by CACHE.

The Technical Qualification is Primarily aimed at post-16-year-old who wish to progress into the education and childcare sector. This qualification will equip young people with the knowledge, skill and behaviours they need to enter skilled employment.

The two-year programme is a combination of classroom-based knowledge development and 750 hours in a real setting to develop occupational skills.

WHAT WILL I STUDY?

The Technical Qualification is split into 2 component parts:

The Core Component provides a high-level foundation of knowledge and skills that are relevant to all Occupational Specialisms within this qualification.

- Wider Context
- Child Development
- Supporting Education
- Safeguarding, Health and Safety and Wellbeing
- Behaviour
- Observation and Assessment
- Equality and Diversity
- Special Educational Needs and Disability
- English as an Additional Language
- Parents, Families and Carers
- Working with Others
- Reflective Practice

Start Date: 2 September 2024

Duration: 2 Years

Attendance: Full Time

Location: Camden Road Centre

The Occupational Specialism Component covers the knowledge, understanding, skills and behaviours required to achieve threshold competence in a chosen Occupational Specialism. English, mathematics and digital skills have also been embedded throughout the content to help students reach threshold competence in their chosen Occupational Specialism. Threshold competence refers to the level of competence deemed by employers as sufficient to secure employment in roles relevant to an occupational specialism. Achievement of threshold competence signals that a student is well-placed to develop full occupational competence, with further support and development, once in work. The Occupational Specialism will be spread over the 2 years, by learners completing 750 hours in a real childcare setting.

- Support and promote children's play, development and early education
- Develop relationships with children to facilitate their development
- Plan, provide and review care, play and educational opportunities to enable children to progress
- Safeguard and promote the health, safety and well-being of children
- Work in partnership with colleagues, parents, carers and other professionals to support children's development

WHAT WILL I NEED?

You will need:

- 5 GCSE at grade 5 and above including English and Maths and Biology

HOW WILL I BE ASSESSED?

The Core Components are assessed through:

- 2 written examinations (Paper A and Paper B)
- An employer-set project (ESP) – a supervised project, devised and set by NCFE

Students will receive marks for:

- Paper A
- Paper B
- Employer-set project (ESP)

These marks will be aggregated to create one grade for the Core Component.

The Occupational Specialism is Assessed through:

- Synoptic assignments (specific to each Occupational Specialism)

The number of practical assignments may vary depending on the Occupational Specialism and the guided learning hours attached.

WHAT WILL IT COST?

SCHOOL LEAVERS

Start Date: 2 September 2024

Duration: 2 Years

Attendance: Full Time

Location: Camden Road Centre

If you will be aged 16, 17 or 18 on 31st August prior to the start date of your course and you have the legal right to remain in the UK for the duration of your programme then your study with us will be free. Please see [here](#) for the documents you will need to show us.

Some courses will have other associated costs, such as for specialist materials and trips. Many of our students are eligible for financial support, see [here](#) for details.

This course is free to study for 16-18 year old learners.

WHAT CAN I DO AFTER?

When students complete a T Level study programme, they will be able to choose between moving into:

- A skilled occupation
- Higher or degree level apprenticeships
- Higher level technical study, including higher education.

Start Date: 2 September 2024

Duration: 2 Years

Attendance: Full Time

Location: Camden Road Centre
