

Retail and Commercial Banking Analyst - Legal, Finance and Accounting - T Level

The T Level in Finance is equivalent to three A levels.

This course is tailored for students who have an interest in pursuing a career in Finance. In the first year, you'll develop the fundamental skills required for various financial roles and explore a variety of potential specialisations within the industry.

Here's what you can expect:

- Gain insight into the business environment and its relevance to finance
- Explore different career paths within finance and accounting professions
- Learn about security and risk management in financial contexts
- Understand the importance of data-driven innovation/analytics in shaping finance
- Engage in design thinking exercises to tackle real-world financial challenges

Throughout the course, you will develop essential skills such as research, analysis, project management, professionalism, and ethical decision-making within the finance industry. Your learning experience will involve:

- Immersion in the details of the financial industry
- Enhancement of research and analytical abilities
- Collaboration with finance industry professionals
- Participation in hands-on activities based on real industry scenarios

You will have access to dedicated T Level rooms and state-of-the-art facilities on our campus, including the latest financial software to support your learning journey.
