

Blockchain

This course offers a comprehensive introduction to blockchain technology, covering its fundamental concepts, mechanisms, and applications.

WHAT WILL I STUDY?

You will explore how blockchain functions as a decentralised ledger, enabling secure, transparent, and immutable transactions.

Through practical examples and case studies, the course will demonstrate the potential of blockchain across various sectors.

WHAT WILL I NEED?

Please be prepared to provide your residency documents such as a passport, EU citizen ID card, UK Birth Certificate or Biometric Card. If you have been in the UK for less than 3 years or have entered the UK with a visa you will need to provide evidence that you are eligible to study in the UK - your visa, your biometric card that covers the duration of your course or any relevant home office documents to support your residency should all be provided. If you're an EU, EEA or Swiss citizen we will need to see evidence of 'Pre-Settled' or 'Settled-status' documents. Also for funding purposes we would need to see evidence of payslips if working (within the last 3 months). If you are receiving benefits (e.g JSA, ESA, Universal Credit (UC), Housing benefits etc. please provide evidence of this).

WHAT CAN I DO AFTER?

Upon successful course attendance and completion, you will have the opportunity to discuss progression to our computing and IT full time courses.

Start Date: 13 February 2025

Day: Thursday

Time: 13:00 - 17:15

Duration: 16 Weeks

Venue: Tottenham
