

HTML and CSS Coding - Basics

This course will teach you the fundamental elements of HTML5 and CSS, focusing on creating your first web page.

You will learn how to use attributes, add images and links, and style your page with CSS. The course also covers troubleshooting and debugging, advanced HTML5 and CSS techniques, and basic page layout principles.

By mastering these building blocks of web design, you'll be equipped to create professional websites that meet the latest web standards.

WHAT WILL I STUDY?

You will learn:

- How to use attributes
- How to add images and links
- Style your page with CSS
- Troubleshooting and debugging
- Advanced HTML5 and CSS techniques
- Basic page layout principles

WHAT WILL I NEED?

Please be prepared to provide your residency documents such as a passport, EU citizen ID card, UK Birth Certificate or Biometric Card. If you have been in the UK for less than 3 years or have entered the UK with a visa you will need to provide evidence that you are eligible to study in the UK - your visa, your biometric card that covers the duration of your course or any relevant home office documents to support your residency should all be provided. If you're an EU, EEA or Swiss citizen we will need to see evidence of 'Pre-Settled' or 'Settled-status' documents. Also for funding purposes we would need to see evidence of payslips if working (within the last 3 months). If you are receiving benefits (e.g JSA, ESA, Universal Credit (UC), Housing benefits etc. please provide evidence of this).

WHAT CAN I DO AFTER?

On completion of this course, you can progress onto further study in this area.

Start Date: 07 January 2025

Day: Tuesday

Time: 10:00 - 14:30

Duration: 6 Weeks

Venue: Tottenham
