

# Robotic Solutions

In this course, you will enhance your expertise in the application of robotics across various industries.

You will gain the ability to design effective robotic solutions tailored to specific challenges, ensuring that you can address real-world problems with precision.

Additionally, you will acquire the skills necessary to critically evaluate proposed robotic solutions, analysing their feasibility and effectiveness in solving the defined issues.

By the end of the course, you will be proficient in both creating and assessing robotic systems, equipping you with the knowledge to innovate and optimise robotic applications.

## WHAT WILL I NEED?

Please be prepared to provide your residency documents such as a passport, EU citizen ID card, UK Birth Certificate or Biometric Card. If you have been in the UK for less than 3 years or have entered the UK with a visa you will need to provide evidence that you are eligible to study in the UK - your visa, your biometric card that covers the duration of your course or any relevant home office documents to support your residency should all be provided. If you're an EU, EEA or Swiss citizen we will need to see evidence of 'Pre-Settled' or 'Settled-status' documents. Also for funding purposes we would need to see evidence of payslips if working (within the last 3 months). If you are receiving benefits (e.g JSA, ESA, Universal Credit (UC), Housing benefits etc. please provide evidence of this).

## WHAT CAN I DO AFTER?

Upon successful completion of the course you can progress into further study in this area.

**Start Date: 06 February 2025**

**Day: Wednesday**

**Time: 17:30 - 20:30**

**Duration: 16 Weeks**

**Venue: Tottenham**
