

Project Management for Digital and Technology - Intermediate (Digital Skills Academy)

Progress your IT and Digital Project Management skills with our intermediate course!

This course will provide the skills to manage digital projects efficiently and enhance organisational skills.

You will gain project management knowledge including scheduling, cost management, risk management and more!

This course is aligned with the Association for Project Management's Project Management Qualification (PMQ).

WHAT WILL I STUDY?

This course will cover topics including:

- Project lifecycle
- Stakeholder relationships
- Scheduling
- Cost management
- Risk management
- Procurement
- PMP and reporting
- Governance

And more!

WHAT WILL I NEED?

You should be able to follow simple written and verbal instructions, demonstrations, hand-outs and health and safety information, and will be invited to take part in group discussions. You should be able to use numbers and be able to do simple measurements and calculations.

Start Date: 28 January 2025

Day: Tuesday

Time: 18:00 - 21:00

Duration: 9 weeks

Venue: Online

You should be a confident and competent computer user on a Mac or Windows PC and be proficient with a mouse and keyboard in either a creative software, Microsoft Word, PowerPoint or equivalent and should be able to download, upload, save, open and retrieve files. Some awareness of design for print or any other art/design practice would be useful.

You will need to be eligible to study in the UK. Upon enrolment, you will be asked to upload residency and income documents for college funding purposes.

WHAT CAN I DO AFTER?

On completion of this course, you can progress onto further study in this field.

Start Date: 28 January 2025

Day: Tuesday

Time: 18:00 - 21:00

Duration: 9 weeks

Venue: Online
