

Green Skills, Sustainability and Careers - Introduction (Green Skills Academy)

This introduction to Green Skills course is a gateway to a fulfilling and sustainable career that aligns with your values!

In today's world, where environmental challenges are more pressing than ever, industries are shifting towards sustainable practices. The demand for professionals with expertise in renewable energy, circular economy, eco-friendly technologies, and conservation is skyrocketing.

By acquiring green skills, you not only future-proof your career but also contribute to the global effort to create a healthier planet for generations to come.

By enrolling in this course you're investing in yourself, your future, and the future of our planet. Take the first step towards a meaningful and impactful career. Together, let's create a greener, more sustainable world.

WHAT WILL I STUDY?

Our comprehensive Green Skills Course is meticulously designed to equip you with the knowledge and tools needed to excel in this exciting field.

Our expert instructors have curated a curriculum that covers the latest trends, technologies, and best practices in sustainability and environmental management. You will gain hands-on experience through real-world projects, simulations, and case studies.

We go beyond theoretical knowledge, emphasising the interconnectedness of environmental, social, and economic aspects.

You'll also learn to create solutions that benefit both people and the planet.

WHAT WILL I NEED?

You will need to be aged 19 or older and eligible to study in the UK. Upon enrolment, you will be asked to upload residency and income documents for college funding purposes.

Start Date: 17 February 2025

Day: Monday

Time: 9:00 - 17:00

Duration: 6 weeks

Venue: Tottenham

WHAT CAN I DO AFTER?

Our course doesn't just end with knowledge, we provide career workshops, job placement assistance, and guidance for launching your own green venture.

In addition, you will have the opportunity to gain the Construction Skills Certification Scheme (CSCS) after course completion.

On completion of this course, you'll be prepared to tackle real challenges faced by industries today.

Start Date: 17 February 2025

Day: Monday

Time: 9:00 - 17:00

Duration: 6 weeks
