

Foundations for Learning and Life for Students with Profound and Multiple Learning Disabilities

There are three main pathways at Alexandra Centre:

1. **Communication, choice and Control** - the core aim is independence through communication with a sensory approach to learning (Pre entry-level M1-3)
2. **Independence and Skills** - Core aims are independence through practical tasks such as independent living skills (M3-E1)
3. **Skills for Work and Employability** - core aims are around exploring the world of work (M7-E3)

All pathways are not standalone and there is crossover throughout all pathways with all students having access to elements of all pathways.
